Application for the position of a Marketing Project Manager at OMEGA

To Whom It May Concern,

First

It is a great pleasure to apply for the position of a Marketing Project Manager at OMEGA. When I came across this position on LinkedIn I immediately recognized that I fit the job perfectly. As a Senior Media Planner with over 4 years of professional experience in 360-degree media approach, I am confident that I would be a valuable asset to the communications and marketing team.

Second

I worked only with the largest advertisers of the Russian market. Being a Junior Digital Planner I led Online Video planning for all chocolate brands of Mars with monthly budgets of about 400K USD, on the next positions I handled only the biggest ad campaigns with budgets of about 3M USD each. Thanks to good relations with partners it was possible to create unique projects — one of the latest campaigns I conducted was nominated for the best branded effect in 2021 in Eastern Europe by TikTok Awards.

Third

My primary experience was with FMCG companies, but I really like OMEGA and will be excited to speak with you about how my skills in media planning can help you. Please let me know when would be a good time for an interview.

Best regards,

Oksana Nesterova
